Please register by filling out a form located on Limestone Federal Credit Union's Facebook page which can be dropped off or emailed to lfcu@limestonefederal.com

Limited Spots Available!

What Is Girl Code: The Trifecta?

Girl Code: The Trifecta is Limestone Federal Credit Union's third coding event for 2019, lead by Technology Analyst, Ally Stoll. In this fast-paced and engaging hands-on event, girls in grades 9-12 will learn to code a virtual ATM. Once built, a test file will be received and they will have the opportunity to hack each other's virtual ATM's. The last pair still standing will receive bragging rights and each will receive a fantastic prize of a $100 VISA Gift Card!

These young ladies will learn a variety of skills such as problem solving, critical thinking, collaboration, and much more! By the end of the event, they will present what they have learned to a panel of judges.

To register, please fill out the fillable form and drop off at Limestone Federal Credit Union or email to lfcu@limestonefederal.com.

Cost: $10.00 per person – Deadline: Monday, December 16th.
