

Our Campus & Community *impact*

How We Made An Impact in 2025

A Message From The Hub

The Hub @ LSSU serves as a vital connection point for students, campus partners, and the surrounding community. Through our internship program, students gain hands-on, experiential learning opportunities that build professional skills in financial services, member support, and community engagement, preparing them for success beyond graduation.

In addition to experiential learning, The Hub delivers financial education both on and off campus, partnering with faculty, student organizations, local schools, and community groups to provide accessible, interactive programming. These efforts empower participants with the knowledge and confidence to make informed financial decisions while reinforcing lifelong financial well-being.

Equally important, The Hub remains committed to serving the financial needs of both the campus and the local community. By offering convenient, member-focused services and personalized support, we ensure that students, staff, and community members have access to trusted financial resources in a welcoming environment. Through education, experiential learning, and exceptional service, The Hub @ LSSU continues to make a meaningful and lasting impact across campus and throughout the broader community.

LSSU Kids Camp

In 2025, young entrepreneurs hosted a Pop-Up Shop at the LSSU Kids Camp, showcasing creativity, teamwork, and real-world money skills. Together, they raised \$1,137.83 for the local animal shelter (an organization chosen by the kids).

Meet the Interns

Our internship program is at the heart of who we are, providing hands-on, real-world experience across Accounting, Executive Leadership Support, Information Security, Marketing, and Member Services.
